INDEPENDENT AUDITOR'S REPORT

Board of Directors
Central Louisiana AHEC, Inc.
Alexandria, Louisiana

I have audited the accompanying Statement of Financial Position of Central La. AHEC, Inc. (a non profit organization) as of June 30, 2012, and the related Statements of Activities, Functional Expenses and Cash Flows for the year then ended. These financial statements are the responsibility of the Organization's management. My responsibility is to express an opinion on these financial statements statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards in the U.S. and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Central La. AHEC, Inc., as of June 30, 2012, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, I have also issued my report dated September 28, 2012, on my consideration of the Organization's internal control over financial reporting and my test of its compliance with certain provisions of laws, regulations and contracts.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1: Summary of Significant Accounting Policies

Organization

Central Louisiana Area Health Education Center, Inc. (CLAHEC) is a Louisiana non-profit corporation chartered on January 6, 1992. Its purpose is to operate an area health education center in Central Louisiana in order to plan for additional clinical education opportunities in rural and underserved communities.

CLAHEC is exempt from Federal income taxes under the provisions described in Section 501C (3) of the Internal Revenue Code.

Basis of Accounting

The accounting policies of CLAHEC conform to generally accepted accounting principles as applicable to non-profit organizations, (SFAS) No. 117, Financial Statements of Not-For-Profit Organizations. Financial position and activities are reported according to unrestricted net assets, temporarily restricted net assets or permanently restricted net assets depending on donor stipulations. Restricted net assets represent resources currently available for use, but expendable only for those operating purposes specified by the grantor or donor. Resources of this type originate from grants and contracts. It is CLAHEC's policy to report all such revenues as unrestricted if the restrictions are met in the reporting period.

Revenue and Expenses

Support for CLAHEC is provided by Louisiana State University and Agricultural and Mechanical College acting on behalf of the Louisiana State University Medical Center (LSUMC). LSUMC has been awarded grants by both the Federal government and the State of Louisiana and has contracted with CLAHEC to provide the services required by these grants.

Expenditures are made in accordance with a budget which has been adopted and made a part of the contractual agreement with LSUMC. CLAHEC is reimbursed by LSUMC for costs incurred in carrying out the provisions of the agreements.

Equipment

The cost of office furniture and equipment was not capitalized during the initial year of CLAHEC's grant agreement with LSUMC. According to the contractual agreement between LSUMC and CLAHEC, title to the equipment purchased under the agreement during the fiscal year ended June 30, 1992 shall remain with LSUMC.

The cost of office furniture and equipment purchased in years subsequent to June 30, 1992 has been capitalized at a historical cost that exceeds \$ 1,000. Depreciation of furniture and equipment is provided over the estimated useful lives of the assets on a straight-line basis. The estimated useful lives of the assets range from three to fifteen years.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited as determined by management.

Compensated Absences

CLAHEC accrues compensated absences up to a maximum of 96 hours that can be carried over into the next fiscal year. Compensated absences include vacation and sick leave which can be compensated up to 136 hours of accumulation. An amount has been recorded in the financial statements for this liability.

Cash Flow Information

For purposes of the statement of cash flows, management considers all short-term investments with a maturity of three months or less to be cash equivalents.

NOTE 2 Cash and Cash Equivalents

Cash and cash equivalents at June 30, 2012 totaled \$ 270,860 (book balance) and \$ 289,001 (bank balance). These deposits are held by local financial institutions and insured by FDIC.

NOTE 3 Accounts Receivable

Accounts receivable at June 30, 2012 totaled \$ 101,429 and consisted of amounts due from other agencies. Management believes these amounts are fully collectible, and accordingly, no bad debt expense has been recognized. The following are due to AHEC.

The total amount removed was \$ 610 and all items were fully depreciated.

The grant amounts are appropriated each year by the Federal government and the State of Louisiana. Management is not aware of any actions that would adversely affect the aggregate amount of funds CLAHEC will receive in the next fiscal year.

NOTE 7 Operating Leases

CLAHEC leases its office space, certain furnishings and housing for medical students under operating lease agreements. Details of each lease are listed below.

Office Building and Furnishings: CLAHEC signed an operating lease agreement March 26, 2007 on office space and furnishings at a monthly amount of \$ 2,655. REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (the Yellow Book)

Board of Directors
Central La. Area Health Education Center, Inc.
Alexandria , Louisiana

I have audited the financial statements of the Central La. Area Health Education Center, Inc. as of and for the year ended June 30, 2012, and have issued my report thereon dated September 28, 2012. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Central La. Area Health Education Center, Inc.'s internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Central La. Area Health Education Center, Inc.'s internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the Central La. Area Health Education Center, Inc.'s internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Central La. Area Health Education Center, Inc.'s financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, board of directors, others within the entity, and government entities and is not intended to be and should not be used by anyone other than these specified parties.
